Dear Panel Chair Barry:

Re: NSARB-2023-001 – correction to footnote 28 of PLBA’s closing submissions

We write on behalf of Protect Liverpool Bay Association further to our closing submissions dated November 28, 2025 solely to correct an error in footnote 28.

Footnote 28 currently reads: Outcomes of Consultation Ex 4 at 78-90, 91-98, 99-106, 111-184.

To take into account an additional Farm Management Plan excerpt before the Board which was inadvertently omitted, footnote 28 should read: Outcomes of Consultation Ex 4 at 78-90, 91-98, 99-106, 111-184, 248-250.

ALL OF WHICH IS RESPECTFULLY SUBMITTED

Sincerely,

James Gunvaldsen Klaassen
