

INTERVENOR STATUS APPLICATION**Instructions**

Please submit this form to the Aquaculture Review Board (Board) no later than **ten (10) days** after the publication date of the public hearing notice. You may attach additional pages if necessary.

Intervenor Status Applications will only be processed if they are received by the Board on or before 16h30 pm (local Nova Scotia time) on the deadline date.

A person applying for intervenor status for multiple applications must complete and submit individual Intervenor Status Applications forms for each application.

Pursuant to s.23 of the *Aquaculture Licence and Lease Regulations*, the Board will decide on this Intervenor Status Application within ten (10) days of receipt and will notify you of the decision no later than five (5) days after the decision is made.

All information provided to the Board on this form and any additional pages submitted (the "form information") will become a part of the record of the hearing. Should your application for intervenor status be accepted, the form information may be disclosed to the other parties to the hearing.

You are also advised that the form information may be subject to an access request under the *Freedom of Information and Protection of Privacy Act* ("FOIPOP") and may, as a result, be released unless the information is exempt from disclosure under FOIPOP.

Please refer to the *Aquaculture Licence and Lease Regulations*, s.23 (attached) for more information on Intervenor Status Requests.

8. Specifically describe how the proposed aquaculture activities may substantially and directly affect you:

We own three waterfront properties each directly on Liverpool Bay.

██████████ Street which is our primary home.

██████████ Brooklyn NS which is a site owned and developed by our investment company ██████████ Limited (owned solely by Stew & Cheryl Horton). ██████████ is a four unit short term rental development, completed in late 2022, at an investment cost well over \$ ██████████

A 2.9 acre lot (PID ██████████); adjacent to ██████████, currently being developed as a new home site.

Adverse effects from the proposed sites due to the danger of fish kills, illness or escape due to ever increasing storm strengths will impact each of these properties significantly. Just as, if not more important, is the impact of these sites on our financial wellbeing (both personal and business investment in these properties) by loss of income and personal enjoyment due to the desecration of a pristine coastline with unsightly fish farms. Recreational boaters and vacationers look for environmentally friendly locations not industrial mega fish farm sightlines.

9. Describe your existing uses, if any, of the proposed lease site, and state whether the identified uses are recreational or commercial:

Personal - daily usage of the proposed sites for recreation.

Commercial - As a vacation rental business our Breakwater development leverages it's incredible oceanfront location with unmatched sightlines and closeness to nature. That view will change to big ugly fish pens.....

10. Describe your existing uses, if any, of the area surrounding the proposed lease site, and state whether the identified uses are recreational or commercial:

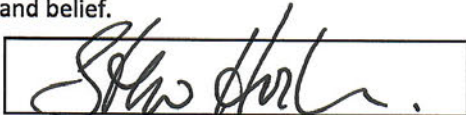

As above.

11. Please provide any other information which you consider relevant to your application for intervenor status including any affiliations, if any:

Long term business owners in Liverpool since 2008. Fully invested in our communities. Lived through Bowater closure. To see our tourism, recreation and fishing legacies obliterated by industrial fish farms is both heartbreaking and just wrong.
